

Braintree, Milton, Quincy, Randolph, & Weymouth **COMMUNITY WELLBEING SURVEY** Winter 2023

Dear neighbor,

We have seen many changes to our community in the last three years. As your Community Action Agency, Quincy Community Action Programs (QCAP) works within the community to understand these changes and to address the needs of our neighbors.

QCAP is conducting a **Community Wellbeing Survey** to learn about your experiences. This survey should take you 10-15 minutes to complete.

Your participation is completely voluntary, and all information will be kept confidential. No personal information will be presented or published.

We invite you to tell us how you, your family, and your community are doing. Your feedback will help us develop our Strategic Plan for the next three years and adapt our services to address the needs in the community.

If you have any questions or comments, please send them to feedback@qcap.org.

With respect,

A handwritten signature in blue ink, appearing to read 'Kristen Schlapp'.
